

No one should go without essential medical treatments because they can't afford them.

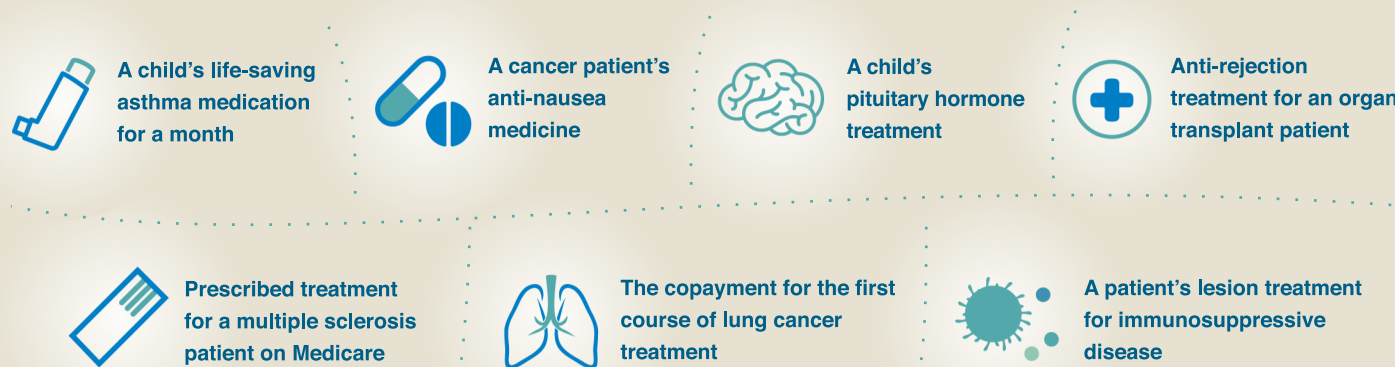

## How HealthWell Helps Reduce Barriers to Care

### Copays, Premiums, Ancillary Costs

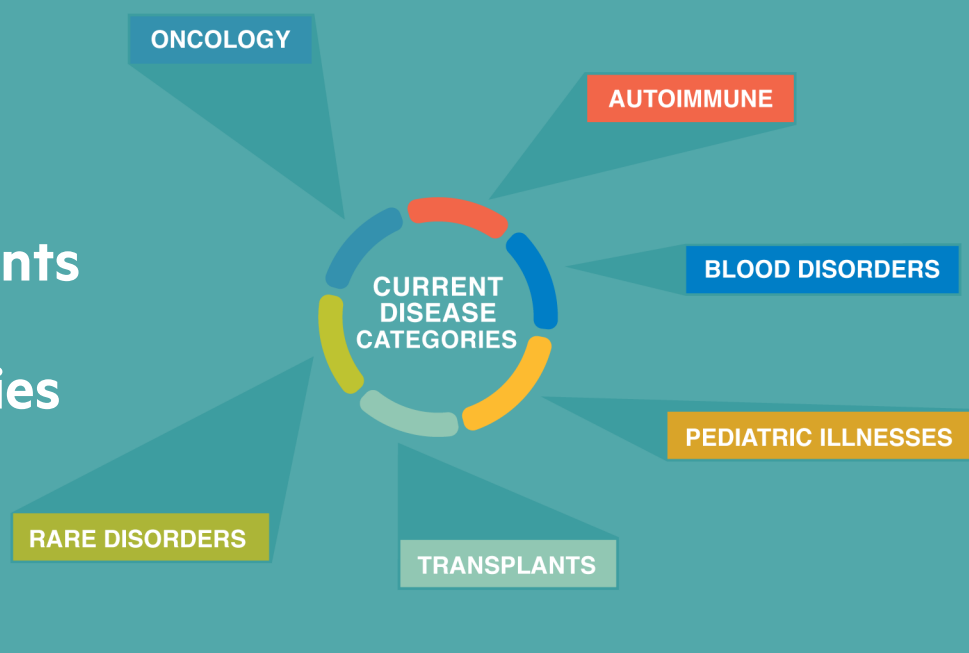

The HealthWell Foundation is an independent 501(c)(3) charitable organization dedicated to reducing financial barriers to care for underinsured Americans with chronic and life-altering medical conditions. HealthWell is a financial lifeline for adults and children who desperately need critical medical treatments but can't afford them. We help patients pay their share of prescription copayments, deductibles, health insurance premiums and other ancillary costs. By reducing their financial stress, the people we serve can focus on what's most important: their health.
